06 AND SO IT WOULD SEEM

*words & music Rod Boucher Gerry Holmes 1993 "The Mansions" Malmsbury Australia
created on the spot, improvised, "walk on water" with overdubs. **free play in F***

And so it would seem,
the further we run,
the further the wind flies before us.

And so it would seem (so it would seem)
the longer we try (the longer we try)
No-one will visit in our dreams.
